A LINGERING COUGH

The cough that holds on in spite of all remedies needs energetic and above all thorough treatment. A mere cough mixture won't do. Root out the cold that causes the cough.

How? Scott's Emulsion.

Why Scott's Emulsion?

Because it stops the irritation, soothes the tissues and heals the affected membranes.

When? Right away. Scott's Emulsion begins to help with the first dose.

People who have used Scott's Emulsion will not be satisfied with any of the numerous substitutes that are offered in the form of wines, extracts, cordials, etc. When life and health are at stake it is unwise to experiment with unknown and untried preparations.

we have all the essentials necessary, and by using the best materials in the beginning success is sure to follow. The best grades of sugars, spices, jars, jelly tumblers, jar rubbers, wax strings and paraffine are all to be had here.

Economy fruit jars—self-sealing, no rubber ring required. The most economical and cheapest jar made, as it will pay for itself in the fruit it will save. Made in pints, quarts and half-gallons, of strong, clear, white flint glass with three-inch wide mouth, permitting the preserving of fruit whole or in layer. Pints 85 cents a dozen; quarts $1 per dozen; half-gallons $1.25 dozen.

Also carry the best quality Mason and Gilchrist jars. Jelly tumblers with or without covers 40 cents a dozen. Wax strings, far superior to sealing wax, 25 cents per hundred; extra tops for Mason jars 25 cents a dozen; rubber rings for Mason jars 5 and 7½ cents a dozen; paraffine, one pound package 15 cents, two for 25 cents.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

MISTAKE NOT THE SITUATION

President Roosevelt summed up in two sentences in his speech of acceptance the position of the leading parties in the present campaign. The Democrats, he said, "now appeal for confidence on the ground, which some express and some seek to have confidentially understood, that if triumphant they may be trusted to prove false to every principle which in the last eight years they have laid down as vital. . . . We (the Republicans) are not constrained to keep silent on any vital question; we are divided on no vital question; our policy is continuous, and is the same for all sections and localities."

The Democrats have advocated free silver for eight years. They were too cowardly to maintain the money question in their platform, but their convention indorsed, under compulsion, their candidates' assurance that if he is elected the gold standard will be maintained. The Democrats have for eight years been declaring a war of extermination against the trusts. They have, in effect, assured the trusts this year that if they get back to power the trusts will have nothing to fear from them. As in times past the Democrats declare again that protection is robbery, but, aware that the people don't agree with them, they give assurance that if they regain control of the Government they will be duly conservative in interfering with the "robbery". They split the public ear four years ago with denunciations of "imperialism". They are still against it, but they are stating the fact mildly in the hope that the people will not believe they will cut the Philippines loose from the United States if they get a chance. The Democrats are doing their best to convince the country that, if they win, they will not give effect to any of the principles they have advocated since 1896. Whether they are succeeding in this or not, they have thus far made a fine job of keeping the people from finding out what policies, if successful, they will adopt.

The Republicans, on the other hand, are standing on the record they have been making since foundation of their party. They are not taking back anything. They are not apologizing for anything. The people know what the Republicans have done in the last eight years. They know substantially what, if successful, they will do during the next four years, with the tariff, with the currency, with the trusts, with the Philippines, with all other great public problems. As Mr. Roosevelt said, in his speech of acceptance: "There is nothing experimental about the Government we ask the people to continue in power, for our performance in the past, our proved Governmental efficiency, is a guarantee as to our promises in the future."

The real question—the "paramount" question—before the people is: Shall the Republican party continue to apply to public affairs its known and tested policies—policies under which the country has been progressive and prosperous, or shall the Democracy be given a chance to try upon the country policies which it fears to avow and which, so far as they are known, never have been tried without bringing disaster in their train?

IRISH PLUCK.

Irishmen stand high in the regard of Admiral Schley. He likes to tell stories of the indomitable, reckless pluck of the Irish. Thus, at a dinner that Colonel McClure of Philadelphia gave in his honor, he said:

"An American merchantman once lay in a Dutch port, and a number of Dutch sailors came aboard to have a chat with our men.

"By-and-by a spirit of rivalry arose. The sailors tried to outdo one another in athletic tricks. The honors for a long while lay with the Americans, but finally a Dutchman climbed to the very top of the mainmast, and there stood on his head.

"The Americans' spirit fell at once. It was plain that the Dutch had outdone them. They looked at one another sheepishly. They were silent and ashamed.

"Suddenly a young Irishman leaped to his feet.

"Begobs," said he, 'I won't let a fat Dutchman beat me.'

"And the reckless fellow ran like a monkey up the mast, and got ready to stand on his head on the top. He put his head down and gave a push with his legs. The first push wasn't hard enough and he dropped back. Up went his legs again. But the second push was too hard, and he fell heels over head. His back struck the first rope, his legs the next, his neck the next, and so on, somersault after somersault, till eventually he landed on his feet on the deck.

"'Do that,' he shouted immediately, and he looked triumphantly at the Dutchman.

"All the sailors crowded round him and praised his pluck and agility warmly.

"'Och,' he said, 'say nothin' about it. Sure, it's an ould, ould thrick wid me. Sure, it's a thrick the little childher do in my country."

Notice to Bridge Builders

Proposals for Constructing Bridges in the County of San Mateo.

NOTICE IS HEREBY GIVEN THAT sealed bids will be received by the Board of Supervisors of the County of San Mateo, State of California, up to the hour of 10 o'clock a. m. on

Wednesday, September 7, 1904,

for constructing, concrete and steel and concrete bridges as follows, to-wit:

1. For concrete arch bridge over Dry Creek on line of main County road leading from Redwood City to Woodside, near Dalve's Hotel in Third Road District. Same to substitute the present wooden structure.

2. For a steel and concrete bridge over a small creek on line of main County road leading from San Mateo to Belmont, situate near what is known as the Donald place in the Second Road District. Same to substitute the present wooden structure.

3. For extending or widening the present brick arch bridge over small creek on line of main County road leading from San Mateo to Belmont, in the Second Road District at a point near what is known as Homestead Public School House. The work consists of adding a concrete arch to each side of present structure at said point.

The work to be done according to the general plans, working details and specifications therefor, prepared by W. B. Gilbert, County Surveyor of said County and adopted by the Board of Supervisors of said County on August 15, 1904, and on file in the office of the Clerk of said Board, at the Court House, in Redwood City, California, where the same may be inspected. A copy of said plans and specifications may also be seen at the Builders' Exchange, No. 106 Jessie street, San Francisco, California.

Separate bids for each of said bridges must be addressed to the undersigned Clerk of said Board of Supervisors at Redwood City, California, and each bid must be accompanied by a certified check on some reliable bank made payable to the said Clerk of said Board in sums as follows, to-wit:

Bridge No. 1 in the sum of..... $200 00
Bridge No. 2 in the sum of..... 200 00
Bridge No. 3 in the sum of..... 100 00

Same to be forfeited to the County of San Mateo as liquidated damages in case the party to whom the contract shall be awarded should fail, neglect or refuse to execute and file within ten days after the awarding of said contract a bond to be approved by the Chairman of the Board of Supervisors of said County, in an amount not exceeding the contract price, or to enter into a written contract with said County in accordance with said plans and specifications and the bid thereon.

The right is reserved to reject any and all bids.

James Cronk has one of the finest litters of coach-pups at his stable that has been seen in this neighborhood for years. There are eight of the little fellows and all of them are beautifully spotted. This batch stands Jim well in hand, as nearly all of them are picked out by prospective purchasers, and the price he will realize will be about $25 per pup.

The public at large should attend the dance to be given to-night by the Redwood City Orchestra. The proceeds of the dance will be used to purchase music, as the present supply of the organization is running short. Redwood City should take pride in this orchestra, as it is composed entirely of local talent. A large attendance should be present and help along the good cause.

The first lot of leather which the California Oak Leather Company had tanned was taken from the vats this week and proved to be excellent material. The proprietors are very highly pleased at this result as they feared that results at first might not be of the best. One hundred and forty sides which have been undergoing the process for three months were taken out and the hopes of the proprietors were more than realized. This success will enable Messrs. Graham & Johnson to keep up the fine quality of leather which they have been producing.

Young Engineers Return.

The Stanford students who have been spending the last six weeks making a topographic survey in the vicinity of the lower one of the Crystal Springs Lakes, three miles west of Redwood, completed their field work and returned last Friday. The two weeks intervening till the commencement of college will be employed working up their field notes and in the preparation of a map to present to the department of geology and mining. The men were divided into two squads in making the survey, the first one headed by W. A. Williams, and the second by Harold Gay. The members of Williams' party were H. H. Chandler, George Stevens, E. Y. Pomeroy, R. S. Lewis, G. A. Waring, G. Schrader, A. M. Wilson, W. H. Blake. H. Lanagan. The second party consisted of A. E. Preston, H. L. Morrison, H. C. McNaught, R. N. Anderson, Fred Nobbs, A. H. Lett and Norman Bradly. The work was under the personal charge of Prof. John F. Newsom, and is one of the two field courses required some time during their four years of all mining engineering students.

A Good Showing.

In compliance with a call made by the Bank Commissioners of the State of California, the San Mateo County Savings Bank made their second statement to the commissioners. The sworn report shows resources of over $100,000.00, with capital fully paid of $25,000.00; $76,268.28 due depositors and loans of $82,632.00, which is indeed a good showing for a six months old bank and should be gratifying to stockholders and depositors alike. Three and one-fourth per cent interest was paid on all deposits to July 1st, and the officers, namely, A. J. Marcus, president, Geo. H. Rice vice-president and L. P. Behrens cashier, predict, from present indications, that as good if not a better dividend will be paid to all depositors for the term ending December 31, 1904. Over two hundred accounts have been opened, and on behalf of the corporation the officers earnestly thank the public for their patronage in the past and respectfully solicit a continuance of the same. Depositors and borrowers are equally welcome. Fair and courteous treatment will be accorded to all.

A Deliberate Suicide.

Yesterday afternoon Deputy Coroner Claude Fox held an inquest upon the body of John Toirrode who committed suicide near Belmont Thursday morning. He was employed as a section hand by the Southern Pacific Company and was at work with the section crew a few yards beyond Belmont. He laid down his tools and walked up the track a short distance and when warned by his companions that a train was approaching he turned back and walking a few feet coolly and deliberately laid his head upon the rails of the track and the overland train, due here at 9:59 a. m., rushed along killing the unfortunate man instantly. He had been working only since last Monday. Perhaps weary of toil and seeing no sunshine ahead caused him to end his existence that mayhap had a roseate beginning. Toirrode was a native of France aged about 35 years. The verdict of the Coroner's jury was in accordance with the above facts.

The Kindergarten.

The Redwood City Free Kindergarten has re-opened, but as yet the attendance has not been what it should. This branch of our educational system should be one of the most liberally patronized, as it facilitates the work of the primary teacher and gives the child a perceptive basis on which to reason problems which come in later in school life. Miss Rockwood, the teacher at the local kindergarten, has had a thorough course of instruction in her line of work and a very successful term last school year. The parents of Redwood should not miss such an opportunity as this, to have their children's minds trained in the proper manner while they are so young and pliable.

Self-conquest is the greatest of victories.

A Farewell Reception.

An invitation has been extended to the many friends of Rev. Dr. A. A. Gibbons to be present at the Methodist church this evening to participate in a farewell reception to the reverend gentleman. During Mr. Gibbons' pastorate here he has won the confidence and love of all with whom he has come in connact, and his teaching and example has borne much fruit. With to-morrow's sermon, Dr. Gibbons brings to a close his service in the ministry. For over 55 years he has lead a life of devotion to his God and to his fellow-man, and has earnestly striven for the advancement of the Methodist church. To few, is it given to see the fulfillment of all their desires and aspirations, but the Patriarch who now retires from his active duties has realized most his hopes and now with the "Well done" of his associates ringing in his ears he will retire, so that his remaining years may be passed in quiet and rest. During his ministry in this State, Dr. Gibbons has filled many important places and besides his career has a preacher he can also look back with pride at a number of years spent as president of the University of the Pacific at San Jose. Throughout his life he has ever responded to the appeals of the sorrowing and the afflicted, and only the Father whom he has served so faithfully can know of the infinite good he has done. In the fullness of years he lays aside the work for younger hands to carry forward and when in a few more years he lays aside all the burdens and trials he will hear the "Well done, Thou good and faithful servant. Enter thou into the joy of thy Lord."

Take Notice.

The First National Bank of San Mateo County at Redwood City will hereafter cash without discount all county claims that have been passed by the Supervisors.

John S. Bolin Goes to New Orleans.

John Bolin, a graduate of the Normal School, a student of Stanford University and a former vice principal of the local night school, leaves in the near future to become one of the instructors in Newman Normal School of New Orleans, of which Professor James E. Addicott is president. He will leave in September to assume his new duties and will pay the World's Fair a brief visit while enroute. The institution with which Mr. Bolin will be connected was recently established and is richly endowed and splendidly equipped. The staff of instructoes will be very strong and this school will soon take rank among the leading educational institione of the South. Mr. Bolin's appointment is well deserved, as he is a thorough student and well qualified for the profession which he is now about to enter under such promising conditions. San Jose Evening News,

Mr. Bolin is well known in Redwood City, where he has many relatives, and in Pescadero, where was born and raised. Several years ago on graduating from the grammar school he went to San Jose and entered the Normal school, and his advancement since entering there has been rapid.

Share and Share Alike.

Mrs. Catherine Flannelly who passed away in this city on August 14th deeded all her property by deeds of gift to her children, September 30, 1903, and after her demise the instruments were recorded. Mrs. Kate Kavanaugh, Mary McCormick, and Nellie Flannelly, were deeded 7.16 acres of land at Fair Oaks and the ranch at Colma containing 205 acres were given share and share alike to Mary McCormick, Margaret Kerr, Jane Kerr, and Kate Kavanaugh.

Dr. Bowie vs. John Genochio.

The case of Dr. Bowie against John Genochio was tried and submitted to Judge Buck yesterday afternoon. The suit was brought to recover $650 for medical services rendered the defendant's wife. Dr. Burton testified that the charges were reasonable. Dr. Moss of Palo Alto also gave testimony that the charges were only reasonable. Drs. Ross and Barret for the defense explained their charges in similar cases. They fall below those made by Dr. Bowie. Both physicans, however, contended that Dr. Bowie had a right to make whatever charges he deemed proper. Dr. Bowie swore that he made sixty day visits and three night calls and considered his claim only fair. Judge Buck took the matter under advisement.

Thief Takes Barley from a Field near San Mateo.—Campers Leaving La Honda.

SAN MATEO, August 19—The Leslie Salt Works on the marsh in this county has become one of the greatest industries in this county, from a small beginning they have expanded to large proportions; tbey now employ forty men night and day, and their product is recognized as the best in the market. Orders are coming in so fast that they have continually increased the forces. The product manufactured is a free-free-running table salt, put up in attractive cartons. It is guaranteed absolutely pure.

A most peculiar theft occurred near the Brewer dairy on the marsh a few weeks ago, when sixty-one sacks of barley were stolen from a field near the dairy. The grain had been sacked and awaited removal to the warehouse, but when the farm hands arrived at the field with their wagons they were surprised to find the entire product gone. The field is located near a slough and it is supposed the thieves removed the barley by means of a boat. There is no clue as to the disposition which was made of the stuff.

John P. Bruns, the carpenter, is lying very sick at the home of John Finloff. He is troubled with an affection of the heart.

Mrs. Blackburn has returned here after spending several weeks in the metropolis.

Will Live in Berkeley.

Mr. J. H. Cooper, for many years connected with the Enquirer composing rooms, and Mrs. May-Gibbons Williams were quietly married on Monday at Redwood City. The ceremony was performed by the father of the bride, Dr. A. S. Gibbons, pastor of the Methodist church at that place. After a short wedding trip Mr. and Mrs. Cooper will reside at 2313 Russell street, Berkeley, where they will be at home to their friends after September 15th. The bride has resided in Oakland for some years, where she is well known in musical circles, having been for some time director of the music at the Ashbury Methodist Episcopal Church South.—Oakland Enquirer.

HIGH SCHOOL HAPPENINGS.

The Sequoia Debaters Prepare for a Struggle with Palo Alto High.

The debaters of Sequoia are starting in with usual vigor. There are a few new pupils from which to get new material. There is but one place open. Last year we lost Gerald Halsey, who was the leader. We now rely on Westley Boulware to improve himself so as to equal Mr. Halsey. Miss Watrous was on the team last year and she will most likely get a place on the team.

There is but one place open and that is the point of contention. Mr. Clack, Miss Garrity, and a few ambitious Freshmen will probably be the ones who will fight for the place in the coming tryout.

Mr. Boulware is trying to have a tryout to take place within a month so as to give the team lots of time for hard work.

Tuesday morning the juniors had a class meeting, electing president, vice president, secretary, and treasurer.

Thomas Stafford was elected unanimously as president. The vice-president contest was indeed exciting. Being a close call between May Durham, Natalie Hansen, and Alma Nobs. Miss Nobs being elected. Louise Barret was elected secretary. This was also a tight squeeze between Lulu Beeger, Elmer Shermantine, and the successful Louise Barret. Louise proved to be the smallest by squeezing into the office of secretary. Marian Frazer was elected treasurer as a favorite over May Lovie.

Henry Haaker has left Sequoia to work for the Western Meat Company at a salary of $50 per month. He will be missed a great deal by his fond friends in the Junior Class.

The boys have arranged to have high school sweaters. They are to be purple with white letters S. U. H. S. Purple and white being the high school colors.

A faint vision of a football team is prominent at Sequoia. If the boys only get their patriotism aroused and organize they could get a pretty nice team.

Too Much Smoke.

At the meeting of the City Council Monday night A. J. Fromm, proprietor of the Capitol hotel, complained that the smoke from the boiler room of the United Gas and Electric Company was doing great injury to his property and business. He asked that the board take steps to abate the nuisance.

Action on Mr. Fromm's complaint was postponed until next Monday night's meeting, when it will be taken up with the company's representative, who will be in town.

Ordinance No. 51, calling an election to vote on the issuance of bonds to the amount of $100,000 was passed and ordered published.

Some time Thursday evening thieves broke into the Wells-Fargo office and removed a hamper of laundry, a package of jewelry and a package of hardware and then made their escape. A safe containing a large sum of money was untouched. An entrance was effected by a window at the side of the office. There is no clue to the robbery. The officers are investigating the case. The articles stolen are not of any great value.

Richard Maloney, after a brief illness, died at his home in San Francisco last Sunday morning from congestion of the liver. The remains were brought here Tuesday and interred beside his son in Holy Cross cemetery. The deceased was born in Ireland forty-five years ago. When quite young he came here and for awhile attended the local grammar school. He resided at San Francisco for some years and for a long period was a special officer. Only a few months ago he bought a beautiful home at Golden Gate Park and intended to enjoy life there with his two pretty daughters when the Grim Reaper came and robbed him of a long cherished ambition. Mr. Maloney was the youngest of a large family of sons. He was a citizen of the highest integrity and moral worth. He leaves to mourn him two daughters—Kitty and Mollie. The following old time friends acted as pall-bearers: B. Burk, F. P. Roach, Thomas Fitzgerald, M. F. Duff, M. Tierney, T. Hunt.

A soiree for the benefit of the Fair was held last Friday at the residence of Mrs. Thomas Ward. The function was entirely unique and reflected much credit on Mrs. Ward, the hostess of the occasion. Besides Mr. and Mrs. Thomas Ward the following participated in the novel entertainment: Mrs. Hand, Miss Hannah Donnelly, Mrs. Edge, Mrs. Blanchard, and the Misses Blanchard, P. Blanchard, Patrick Kearney, Thomas Smyth, L. McGrath, J. Hand, M. Miller, Maggie Roach, Misses Susie and Marguerite Gale, Misses Dora, Jean and Margaret Bruce, Harvey and George Walsh, J. A startling and prolonged summer shower Tuesday relieved the monotony of four months of sunlit summer skies. During all that afternoon it lasted, the rainfall amounting to nearly .78 of an inch, though it seemed to the average drenched parcel of humanity that the precipitation would reach more than two inches. With ut warning the rain began to fall at 16½ minutes past 1 p. m., and it did not cease until nearly 6 o'clock, when the sky had not yet cleared, and the murky atmosphere seemed to promise more to come. The loss throughout the surrounding country will probably be great, as none of the farmers were prepared for a rainstorm in the middle of summer. A number of large hay owners will be among the heaviest losers. Old timers say that the storm is almost without precedent, though some of them mention a time several years ago when there was a heavy shower in July. Mr. Sloan is a heavy loser. He was threshing his large onion crop when the rain came.

GETTING READY FOR BAZAAR.

Next Wednesday evening the grand bazaar will open at the armory. Carpenters are at work and all preparations for the event are being made by the ladies. Gaily decorated booths, vari-colored Japanese lanterns and a brilliant array of electric lights and handsome young ladies will be some of the attractions to cause the gentlemen to loosen their purse-strings.

The lumber for the booths has been generously donated by John MacBain and the carpenter work in putting them up has been kindly donated by J. B. Kelly, Chas. Weeden Jr. and A. Gale.

The doings at the Fair will be recorded in an up-to-date daily newspaper to be published every evening by well known local journalists. It will be called the "Evening Sun." Its brilliant literary rays will shed lustre on the newspaper world and create interest at the Fair. Subscribe at once. Address Sun Publishing Company, No. 50,360 Fifth avenue, Menlo Park.

A Convict's Poem.

The following was composed by Arthur Woods, one of the convicts who broke away from Folsom Prison July 27th, 1903. Woods wrote the verses while lying wounded in his cell only ten minutes after his reincarceration:

"Let no block of costly marble
Mark my resting place,
When the lid of the coffin
Hides my pallid face.

"Let the green grass grow above me,
Through it the wind shall wave,
I would not have old friends hereafter
To know my grave.

"There is one, and but one only
Who would shed a tear for me
And that is dear old mother
Whom I have wronged most bitterly.

"I have no hope for the future,
Only one boon do I crave:
That my spirit, like my body,
Rest forever in the grave."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have $1.00 bottles of Wine of Cardui.

SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXI.

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner as herein by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date, the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state or California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.

Sec. 11. This act may be known and cited as the "San Francisco Seawall Act."

Sec. 12. All acts and parts of acts in conflict with the provision of this act are hereby repealed.

SEPTEMBER 8:

On September 8th the official excursion of the Young Men's Christian Association leaves San Francisco for St. Louis and the East.

You can save money on your eastern trip by joining this party. Hundreds are going. It will be the grandest excursion of the year.

THIS IS TO INVITE YOU TO JOIN US.

Mr. F. W. Prince, City Ticket Agent of the Santa Fe, will personally conduct the party. His attendance is a guarantee of success.

The going trip will be over the Santa Fe and by way of the Grand Canyon of Arizona. This is the most wonderful scenery in the world. You can see it on this excursion.

The return will be made over other lines, giving opportunity for the greatest sightseeing.

By going with us you will take part in an excursion which is carefully planned for the greatest pleasure at the least cost. It will be to your advantage to write for details. Whether you wish to visit the World's Fair or go to your old home in the East; whether you are going round trip or one way; this is the opportunity you are looking for.

The party is limited. Those who apply early will be given first place.

WHERE TO SPEND VACATION.

Hints Given in Free Book Published by the California Northwestern Railway.

Of course you are going to have a period of rest this year, but, do not decide as to where you will pass this season until after you have read "Vacation 1904." This is a book issued annually by the California Northwestern Railway Company, which gives information regarding the many rest and pleasure resorts to be found on that road. These resorts are numerous enough and varied enough to supply thousands of people with whatever may be needed in the way of relaxation and recreation, and at prices which may suit every one's pocket.

To begin with, there is no prettier part of California than that through which winds the California Northwestern Railway. This is, in itself, a pleasure, and this is enhanced by the splendid equipment of the road and the ceaseless watchfulness, care and unfailing courtesy of the employees.

Aside from the attractive features of the road, the country traversed by it is richly endowed with mineral springs, which restore health and vigor to the ailing; woods and copses in which game abounds, running water and lakes in which swimming and boating may be indulged, and streams from which the trout may be drawn in all its beauty. While enjoying these, people may live in tents, farm houses, or hotels, just as inclination suggests.

Information on all these features is found in "Vacation 1904," which contains over 150 pages, and which is richly illustrated. The cost of maintenance at each place is also given from $7.00 per week upward.

"Vacation 1904" may be had at the offices of the California Northwestern Railway, or by mail, in response to a request addressed to the General Passenger Agent, San Francisco.
